

	<h1>Sampler Specification</h1>	Specification Number	675 1070A350
		Revision	02

Part No. 675 1070A350

Description MicroMate 350mm

Materials of Construction: 316 stainless steel  
Nylon Clutch (non product contact part)

Nominal Sample Volume: Variable between up to 0.1ml

Overall Length: 500mm

Length of Sampling Tube: 350mm

Diameter of Sampling Tube: 5mm

Weight: 200g

Finish: <1 microns Ra

Recommended Storage Conditions: Dry and ambient temperature
